Subject: Please distribute to the Board of Representatives Fiscal Committee and all Members

Dear Board of Representatives Fiscal Committee and Board Members,

I am NOT in favor of a 3.5% tax increase. I live in Shippan and I am still feeling the impact from the property revaluation which resulted in a 48% tax increase on my property. That was an \$8000.00 increase!

I encourage you all to further reduce spending in the mayors proposed budget so that we do not get an increase in excess of the 1.5% inflation rate.

My husbands salary has not increased in the last three years, yet our taxes have in such a way that make no sense.

Lisa Butler
