

City of Stamford Fire Department

FY 2021-22 Budget Presentation

Department Changes

- Delivery of Engine 4 in the East Side district, Engine 43 in Belltown and Tanker 68 in Turn of River.
- Radio upgrades and moved to the state core.
- Many changes due to covid including responses, PPE and day to day operations. We are currently providing EMT to vaccination sites.
- We will continue our focus on improving response times with the help of technology and training.
- We will be completing our secure access system upgrade (Knox).
- To improve capabilities and minimize the risk to firefighters we are requesting a replacement of Truck 3. It is 20 years old and has reached end of life.
- Services and programs we provide have stayed the same and changes are not expected in the next fiscal year.
