---

Dear Stamford Reps,

I ask to raise attention to the efforts of securing a budget for the Scalzi Park Tennis Courts which are in desperate need of renovations.

The repairs are costly, at \$1.3M. The budget has been pushed out year over year, but the courts are becoming more and more dangerous for players due to cracked and uneven surfaces. Please help *Kevin Murray in this effort* .

Not all recreational tennis should require a club membership, which is pricey.

Many look to play outside of Stamford seeking better conditions to have a decent tennis match. At Scalzi Park, often balls bounce uncontrollably off of the crevices of the surface.

Please support the funding of the Tennis Court Project.

Best Regards,

-

Dorota K. Pecherski
