Dear Land Use Committee,

I'm sending you a few key documents regarding the item concerning Harbor Point on tomorrow's agenda.

Please read the act creating the Harbor Point Infrastructure Improvement District:

<https://www.cga.ct.gov/2007/ACT/SA/2007SA-00006-R00HB-07384-SA.htm>

For five years, no annual meeting minutes/annual reports were posted on the city website. Our town clerk pushed for these items to be posted. She finally did get something from HPID, but it's not very substantive. Please see here:

<https://www.stamfordct.gov/harbor-point-infrastructure-improvement-district-0>

(Please see on the right hand side where the annual reports are posted.)

Please see testimony from a District 3 resident Carol Ann McLean that she sent up to Hartford in 2013 in regards to Harbor Point Infrastructure Improvement District:

(I'm concerned about the section entitled "HPID Board")

Thanks much,
