Re: Zoning Enforcement Ordinances

Attached please find two ordinances for the Board's consideration:

- 1) Penalties for Violations of Zoning Regulations ; and *LR30.032*
- 2) Disqualification of contractors from bidding on city contracts. *LR30.033*

Please note the Law Department is currently researching the second (bidding qualifications) ordinance and the submission may be amended based on the outcome of that research. I am hopeful that by the time the Committee meets, the legal research will have been completed.

Thank you for your attention to this matter and your cooperation.
