Subject: My District Reps (19th)

Dear Raven & Bob:

I write in support of maintaining the West Main St bridge across Mill River as a pedestrian bridge *only*. Since the ultimate goal is for a Mill River Park and Greenway is to extend down to the Sound and connect the playground immediately to the south of the West Main St bridge, we do not need auto/truck traffic criss-cross the area!

The bridge has been close to vehicular traffic for 5 years without causing any traffic or commerce problems. In fact, it has made the area much more livable, less dangerous as I observe.

Thank you, David Kweskin 7 Lumanor Dr. Stamford 06903 203 322 4273
