The Office of Operations of the City of Stamford is hereby designating alternate side parking streets during snow accumulation of greater than two inches.

On the streets designated below, alternate side parking rules will automatically take effect each time there is snow accumulation greater than two (2) inches. The alternate side parking will take effect regardless of whether a snow emergency has been declared. On odd numbered calendar days, parking will only be allowed on the odd house/building number side of the street and restricted on the even house/building number side of the street from 8am until 8am the following day.
