

UAW LOCAL 2377

May 18, 2015

Mr. Randall M. Skigen  
Chair, Board of Representatives  
City of Stamford

Mr. Skigen,

It has come to my attention that the UAW tuition fund was cut by the Board of Representatives.

The City of Stamford and UAW Local 2377 are bound by our signed contract through June of 2017. The City and the UAW are obligated to maintain the terms agreed upon in said contract which includes the funds for tuition reimbursement. The allocated funds need to be restored to the tuition fund, and I am hoping that these funds will be restored without having to involve the State Board of Labor Relations.

Let's work together to make restoration of the agreed upon level of funding without any further action by outside parties.

Fondly,
