Dear chairs of Landuse

I'd like to look at this on the land used committee. I'd like to invite this woman to the meeting.

> Please consider an entirely separate Conservation Commission and increasing the hours of the Environmental Sustainability Coordinator to full time to provide valuable input to the Conservation Commission. UCONN has a lot of resources on the matter. Please find the link

>

> Last year, EPB staff during a public hearing on adopting new inland wetland and water course regulations supported such a Commission. Currently, the Conservation Commission is under the umbrella of the EPB. Under CT state law, a separate Conservation Commission can be formed by the legislative body of the municipality.

>

> At recent hearings on the Comprehensive Plan, residents have commented on the importance of our natural resources and protecting habitats for wildlife, a Conservation Commission would be a way of acknowledging that sentiment and putting it into action.

>>

>> Hi, Jeanette. The last date for public comments would be September 16. There are two public hearings coming up for the Plan on September 2 and September 16. You may participate if you wish. The agenda with all the Teams information will be posted sometime next week. The September 16 meeting is in-person and virtual.
